

Memo To: SCA Parents
Re: Awards Presentations
Date: September 27, 2021

Good Evening

Although we can't gather in person, we wanted to simulate the award presentation by having last year's teachers record a video announcing each of the winners. Below you will find recordings for each of the Award's Presentations. Please select the ones you want to watch and enjoy. Please note that the presentations only contain presentations for one grade. Click on the grades that students were in LAST year.

Students will receive their certificates from their Block 1 teachers during the week. Students that have graduated or moved to another school can ask a sibling or friend to pick up their certificate in the office. Due to COVID concerns, visitors will not be allowed at this time to come to the school to receive certificates.
